Sometimes, earning a degree can be child's play.

Teaching is serious business. But it's kid's stuff. That's because good teachers know that some of the best learning takes place through play. The Child Development program at Cuyamaca College will encourage your playful creativity while preparing you with integral courses such as Science, Mathematics, Language, and Literature. Our curriculum is designed for future teachers, directors, and aides in preschool and day care centers and parents who want to learn more about growth and development. Or you can earn an Associate degree, certificate, or transfer for a bachelor's degree in Child Development. If you're considering a career in teaching, give us a call. Then get ready to work hard. And play hard, too.

Call Gloria Ensey at 660-4509 for more information.

Our ESL program is much more than a second language. It opens up a whole other world.

Step through the door to our English as a Second Language program and you'll discover a world of opportunity. Our highly qualified instructors and small intimate classes will help you learn the speaking and writing skills you need. We offer four different levels to meet

you right where you are and then help you take the next step. We also specialize in academic and vocational preparation for non-native speakers. At Cuyamaca, we help make your college experience a little less foreign.

Please call 660-4429 for more information.

Wow! Exciting Math

Do you want to learn Math with the aid of the *new* Math computer lab?

Math 090 • Math 103 • Math 110
Math 160 • Math 088 • Math 097

Register for one of Cuyamaca's *Algebra* Classes (Math 090, 103, or 110), *Basic Math* (Math 088), *Geometry* (Math 097), or for *Statistics* (Math 160) and you will receive:

- A lab component integrated into your course
- The use of one of the 35 new Pentium computers
- Access to powerful software to help you to become more successful in mathematics!

 Don't miss out! Register today!

Over the years, our horticulture department has grown and grown.

We started our Ornamental Horticulture Department from ground up, and today Cuyamaca College's program is one of the most highly respected of its kind. We're widely recognized for our hands-on approach to modern horticulture procedures, tools, and equipment. Not to mention the wide variety of majors we offer, such as Floristry, Golf Course and Sports Turf Management, as well as Irrigation, Landscape, and Nursery Technologies. If you are interested in a career in nursery operations, irrigation system design and installation or landscape maintenance, give us a call. We'll help you blossom in your field.

If you're still trying to figure out what you want to be when you grow up, we've got the answer.

Choosing a career is an important decision, and one Cuyamaca College takes seriously. So seriously, in fact, that we offer a course specifically designed to help you decide on the best career for you. It's called "College and Career Success/Personal Development Counseling 120" and it meets the graduation requirement for the Associate degree and is transferable to the California State University system. Through the exploration of your interests, aptitudes, values and personality, you'll be able to get a clearer picture of your career option. Additionally, we'll help you hone your study skills...such as time management, motivation, goal setting, how to read a college textbook and memory improvement.

Call 660-4429 for more information.
