

Cuyamaca College
Environmental Health & Safety Management Department
Employer Advisory Board Meeting
Wednesday, September 27, 2023 | 5:30 pm-7:30 pm | Virtual via Zoom

Zoom Link: <https://gcccd-edu.zoom.us/j/86805821482>

Meeting ID: 868 0582 1482

Meeting Facilitator: Professor Julie Godfrey

- I. Introductions and Program Overview
 - A. Welcome & Advisory Board Member Introductions
 1. Julie Godfrey
 2. Jerome Pitt
 3. Monica Rosas
 4. Wesley Williams
 5. Kelcey Stricker
 6. Matt Director for CALSTATE San Marcos environmental programs
 7. Alexis Rodriguez, Occupational Services
 8. Charlene Alsbaugh, CTE Program Manager
- II. Approval of [minutes](#) from last Employer Advisory Board Meeting, 11.15.2022
 - Motion C. alsbaugh, second by J. Pitt
 - In favor monica, julie, all
- III. Curriculum Items
 - A. Approval on course updates due for review (**attached**):
 1. EHSM 100 – Introduction to EHSM
 2. EHSM 110 – Pollution Prevention
 3. EHSM 130 – Health Effects of Hazardous Materials
 4. EHSM 135 – General Industry Safety Standards
 5. EHSM 145 – Construction Industry Safety Standards
 6. EHSM 150 – Hazardous Waste Management
 7. EHSM 200 – Hazardous Materials Management
 8. EHSM 205 – Safety and Risk Management
 9. EHSM 210 – Stormwater and Wastewater Management
 10. EHSM 215 – Air Quality Control
 - Matt motion to approve the course updates; Kelcey and Wesley seconds
 - All approved
 - B. Present survey results
 -
 - C. **New!** Stormwater Management Courses: (Final Approval) (**attached**):
 1. EHSM 220 – Stormwater Runoff Management (3 Units)
 - ☐ Updated units. Reviewed for breaking into smaller units.
 2. EHSM 221 – Erosion and Sedimentation (3 Units)
 - ☐ Updated units. Reviewed for breaking into smaller units.

3. EHSM 222 – Stormwater Quality (3 Units)
 - ☐ Updated units. Reviewed for breaking into smaller units.
 4. One-unit courses instead of EHSM 220, 221, and 222
 - ☐ EHSM 220A – SRM Regulatory Concepts
 - ☐ EHSM 220B – SRM Technical Background
 - ☐ EHSM 220C – SRM Inspections
 - ☐ EHSM 223 – SRM Construction Inspections
 - ☐ EHSM 224 – SRM Industrial Inspections

 - ☐ EHSM 225 – SRM Post-Construction Best Management Practices (BMP) Inspections
 - ☐ EHSM 226 – Erosion and Sedimentation Concepts
 - ☐ EHSM 227 – Erosion and Sedimentation Calculations
 - ☐ EHSM 228 – Stormwater Quality Concepts
 - ☐ EHSM 229 – Stormwater Quality Calculations
 5. EHSM 115 – Runoff Sampling for Construction (1 Unit)
 - ☐ No change
 6. EHSM 116 – Runoff Sampling for Industrial Operations (1 Unit)
 - ☐ No change
 7. EHSM 117 – Stormwater BMPs for Construction (1 Unit)
 - ☐ No change
 8. EHSM 118 – Stormwater BMPs for Industrial Operations (1 Unit)
 - ☐ No change
 9. EHSM 119 – Stormwater BMPs for Agriculture: Vineyards and Orchards (1 Unit)
 - ☐ No change
 10. EHSM 120 – Post-Construction and Operational BMPs (1 Unit)
 - ☐ No change
 11. EHSM 121 – Post-Wildfire BMPs (1 Unit)
 - ☐ No change
 12. EHSM 122 – Trails and Access Roads BMPs (1 Unit)
 - ☐ No change
- D. **New!** Certificate of Achievement, Stormwater Management (narrative attached):
1. KELCEY MENTIONED SHE WORKED IN STORMWATER AND THAT THE COURSES SHOWN LOOK GOOD TO TRAIN STUDNETS TO WORK IN THE FIELD
 2. WESLEY AGREED THAT THE COURSES LOOK GOOD
 3. ALEXIS HAD COMMENTS ABOUT XXX and mapping is crucial. Perhaps “basic mapping”. I don’t recommend GIS but know the basics of mapping/drawing. Some aspects of that. You can't do anything stormwater without maps.

4. c. Alsbaugh maybe we can see surveying and CADD regarding mapping
 - ☐ J. Godfrey lets include this in next years EAB
5. Kelcey, brought up the fact that the BMP inspections course could have some aspects of mapping.
6. Alexis, embed some of the resources that are free like the platform used by the County
7. Matt, do you have a placeholder course for new topics or issues that come up?
8. Motion to approve the program under storm management program certificate of achievement
 - ☐ Wesley motion to approve, second matt

IV. Roundtable

A. Degree requirements

1. What classes are needed by industry?

B. Advertise new Laboratory Safety Management COA

C. Open discussion

- Mapping course
- Matt is interested in seeing the WILDFIRE course. Could be other largescale disasters
- Alexis: she took electives debris management, what do you do with hazardous waste

V. Adjournment

6:45pm meeting adjourned.
