<b>Support of College Strategic Goals:</b>	Evolving
<b>Planning:</b>	Evolving
<b>SLO/PLO Assessment Status:</b>	Evolving
<b>Data Analysis:</b>	Evolving

Peer review for purposes of improvement:

**Support of College Strategic Goals:** Department goals were clearly linked to the college's strategic priority of acceleration and student validation and engagement.

**Planning:** The department provided an update on three previous goals and identified two new goals. Reasons for deleting two goals were provided, as was an evaluation criterion for the other previous goal. Rationale and action steps were provided for each new goal.

**SLO/PLO Assessment Status:** SLO's were not analyzed in the review. The Assessment Department acknowledged the need to rework SLO's given AB 705 implementation. Two new outcomes were added.

**Data Analysis:** Aggregate data on number of assessments were provided and discussed. Disaggregated data were not discussed.

**Commendations:** The committee commends the Assessment Department on the following:

- Restructuring assessments from Accuplacer based to Multiple Measures.
- The work across departments to develop and implement a Google Doc to determine appropriate placement.
- Working to restructure the functions of the Assessment Office in light of AB 705 changes, which shifts resources away from traditional assessments.

**Recommendations:** The committee recommends the following:

- Revise SLOs/SSOs as noted in the program review
- Conduct a survey to assess effectiveness of communication to various student subpopulations as noted in the program review

**Additional Comments:** The knowledge and satisfaction survey will be a great mechanism to gain solid information from students on their impression of services received.
