Page 1: Facilities Request Form

**Q1 Contact Person:**

Name	<b>Steve Weinert</b>
Email Address	<b>steve.weinert@gcccd.edu</b>

---

**Q2 Department:**

Social and Behavioral Sciences.

---

**Q3 Title of Request:**

Lab Room request

---

**Q4 Location of Request:**

Any open office in the F building - or small unused classroom in the west end of the F building  
Any open space that has an Ethernet connection and can have between 5 and 10 people occupancy.

---

**Q5 Description of Request:**When making your request, please be as specific as possible and include information such as make, model, manufacturer, color, quantity, etc.

We want to conduct research in Psychology. I have written a grant - and now have equipment. Now that I have someone I share my office with - we do not have room in my office to run experiments.

Any open space that has an Ethernet connection and can have between 5 and 10 people occupancy. A larger space would be welcome - but some of the equipment is sensitive and we would like to have a limited access space (not open for general scheduling or usage).

We need to house the following equipment (We have all of the materials that we need - we just need the space to hold it).

Xbox gaming system - 53 inch TV - gaming chair and 5' foot table.

Another computer table or desk - Ethernet and power for  
2 Mac computers -  
1 PC computer -

4 chairs and additional seating for participant and meetings.

Currently this is all in my office.

---

**Q6 Estimated Cost:**

Existing Campus resources - plus time to have the Ethernet port connected on the server side (maybe 2 hours)  
the electronics that we have are all surplussed or grant funded - and maintained by Weinert.

---

**Q7 Please attach quote, if available**

**Respondent skipped this question**

---

**Q8 Total Cost of Ownership:check all that apply**

**Maintenance Cost**

---

**Q9 Please explain your plan to maintain this request:**

The only request as far as cost would be the same for any office in the F building - but we will maintain it.

Rat, snake , scorpion and centipede removal (all things I have found in my office) :)

We will take care of the trash, and general cleaning of the space. Heck I will even catch the critters myself if that helps.

In the unlikely event of the F building being replaced - we would need some help finding a new space.

---

**Q10** Justification of Request: Please select the applicable criteria below and provide the details how the criteria relate to your request.

**Support College Mission/Strategic Plan,  
Growth of department/work area,**

Provided details::

It is really important for students in psychology and other related disciplines to conduct research. The more that they are involved with the day to day aspects of collecting data and working with subjects the better they will do in graduate school. As faculty doing personal research is what drives the passion for our job. Becoming published and contributing to the general knowledge base in our field is why we went to graduate school. Now as a seasoned (old) faculty it is time to really get serious about research and stepping up the experience for students.
