Page 1: For Annual Planning/Program Review Requests AND Off-Cycle Requests

Q1**2022-2023**

Technology Plan Year

Q2

Title of Request

CD iPads

Q3

Location of Request

Classroom

Q4

Department

Child Development

Q5

Contact Person

Name

Nicole Hernandez

Email Address

nicole.hernandez@gcccd.edu**Q6**

DescriptionPlease provide a brief description of the technology/software or technology project and its core goal(s).

Our goal is provide students with access to the technology needed to access California Department of Education online documents in the classroom without having to use their own devices. It will also allow us to train students to use software (Learning Genie) that is used in Child Development programs to document and assess children's learning. Instructors will be able to record students teaching, and implement reflective practice in our final seminar and work experience classes.

Page 2: Proposal Justification

Q7

Please explain how the technology or enhancement supports the strategic plan and impacts students, employees, the college, and/or the district. Which Strategic Plan priority (or priorities) are supported by this request? To access the Strategic Plan, please click [here](#).

Increase equitable access (enrollment),

Eliminate equity gaps in course success (passing grade in class)

,

Increase completion and eliminate equity gaps (graduating with a degree/certificate, or transferring)

Q8

How does the request support the above priorities?

This request provides access to real workplace technology and training. We would be one of the first campuses to have this available to Child Development students. Students will continue to re-enroll in or courses because of they will be getting familiar with what is currently happening in the workforce, and they will be able to access course materials in class without having to use their own devices, plan minutes, etc.

Q9

Who would this impact? Please select all that apply.

Students,

Employees

Q10

What is the number of students or employees impacted per semester?

125

Q11

How would this impact the above group(s)?

Students would have hands on access to workplace technology. Faculty would be able to provide more robust feedback to students when they are in their work experience courses or they are presenting their activities.

Q12

No

Does the technology support a state-wide initiative or is it a legal mandate or in support of a legal mandate?

Q13

Respondent skipped this question

If yes, please explain how the technology supports a state-wide initiative or is it a legal mandate or in support of a legal mandate?

Q14

Please be aware that projects, once approved, are typically scheduled 6 months to a year in advance. Consider the consequences if the technology/software is not implemented, upgraded or renewed. What are the consequences if the technology/software is not implemented/upgraded, or renewed? Examples: Security concerns, loss of FTES, mandates, accreditation, etc.

Delays introduction of current workforce technology and course improvements.

Q15

What is your preferred time for implementation?

Fall 2023

Q16

Tell us how the data you have supports the implementation of the technology. This can be qualitative or quantitative in the form of surveys, observations, SLO or other assessment data, institutional research data or other reports and data.

Recent workforce data shows that there is a need for more skilled child care workers. This technology will allow us to prepare our students to be more hireable.

Q17

3

How critical is this need in terms of supporting curriculum and services?

Q18

Please attach any supporting data/documentation using the "Upload" button below.

Childcare-Industry-Workforce-Needs-Study_2022-09-01.pdf (1.4MB)

Page 3: COST ANALYSIS

Q19

Hardware

Is the request for hardware or software?

Q20

New (new to the campus)

Is the request for new or an upgrade to existing technology?

Q21

Total initial cost of request: This includes hardware and software maintenance, licence, taxes, fees, shipping, storage, etc. Contact Bryan Cooper for assistance.

\$39,872.40

Page 4: Grant Funding Source

Q24**Respondent skipped this question**

Please specify the grant that will fund the technology you are requesting.

Page 5: Evaluation Plan

Q25

Evaluationi. How do you plan to evaluate the technology after implementation?

We will use student surveys, data from the career center on the employment rates, course success rates and surveys to employers on student preparedness.

Page 6: Type of Request

Q26**No**

Is this an Off-Cycle Request (e.g., not part of the annual planning/program review process)?

Page 7: Off-Cycle Requests Only

Q27**Respondent skipped this question**

What are the exigent circumstances and/or contributing factors that would qualify this request to be eligible for Off-cycle consideration? Please explain why this request cannot wait until the next annual planning cycle.

Page 8: Technology Request Process

Q28

Respondent skipped this question

How can the Technology Request process be improved for next year?

Page 9: Ready to Submit

Q29

Yes

Are you ready to submit your technology request?
