Notes

Invoicing frequency for the subscription fees is annual. The annual subscription dates and invoicing will be determined by the month that the service begins and is in full production. Price increases will apply to future subscription renewals.

EZproxy Analytics is dependent on having an EZproxy Hosted Subscription. Your library already has subscribed to EZproxy Hosted and will need to maintain this subscription.

The annual subscription date will be determined by the month that the service begins and is in full production.

EZproxy Analytics is discounted for a three-year commitment. FY24 List Price is $5,733.85

Year 1: $4,587.00
Year 2: $4,759.01
Year 3: $4,937.48

Year 4 and beyond: standard annual price increases over the previous year's rate

This pricing is only valid if the Library commits to the full three-year subscription period, pursuant to Section 6.1 of the Framework Agreement. For avoidance of doubt, by accepting this proposal, the Library will not have the ability to terminate for convenience prior to the end of the full three-year subscription period and may only terminate pursuant to Section 6.2 of the Framework Agreement.
