Q7

Please explain how the technology or enhancement supports the strategic plan and impacts students, employees, the college, and/or the district.Which Strategic Plan priority (or priorities) are supported by this request?To access the Strategic Plan, please click here.

Eliminate equity gaps in course success (passing grade in class)

Q8

How does the request support the above priorities?

Kahoot could provide students with access to equal participation in class. Everyone has the opportunity to answer and compare their answers with others. It allows students in real time to judge the correctness of their answers. It creates a sense of inclusion and an opportunity to be a part of the discourse. Kahoot can help bridge gaps in learning experiences and styles. Students also enjoy using Kahoot. All of these factors could help decrease equity gaps in the ESL classroom.

Q9

Who would this impact? Please select all that apply.

Students

Q10
