CREATE A HISTOGRAM

To create a histogram in StatCrunch:

- 1) Load the data file in StatCrunch.
- 2) Select *Graph→Histogram*

StatCru	nch Applet	s Edit	Data Stat	Graph Help	
Row	Age	var2	var2	Bar Plot	>
1	43			Chart	>
2	40 48			Histogram	
4	48			Stem and Leaf	

3) StatCrunch uses variables in the *Select column(s)* box on the right to create graphs. Click on a variable to move if from the box on the left to the box on the right.
