How To Use Browse

1. On the Search Center page, you may search for clips in the Search Center area using the Browse feature.

2. Begin by selecting an Academic Discipline in the far left column.

3. Select a Course from the middle column. The far right column will now display the individual clip titles available to you for that Course.

4. Click on a Clip title to display that clip’s information in the lower portion of the Search Center page.
