How To Use My Clips

My Clips allows you to save clips to a designated folder available only to you. This area can be accessed anytime you return to the site. To begin, you must first create a My Clips account.

1. On the Search Center page, click on the My Clips tab to the right of the Browse tab. You will be prompted to enter your email address and a password.

2. After creating an account, you may save clips to My Clips by either clicking the checkbox to the right of the clip title in the search results fields, or clicking the Save to My Clips button in the clip information area.

Access your saved clips by clicking on the My Clips tab to the right of the Browse tab. If you are returning to the application after you have logged out, you will be asked for your email and password to access your My Clips folder.
