Course Objectives

Students will be able to:

- 1) Describe the rules of play, codes of behavior, use of terminology and scoring of volleyball.
- 2) Examine the relationship between physical fitness and good health, and apply the skills gained in class to promote good health and fitness throughout one's life.
- 3) Demonstrate individual ball handling and body control skills at an intermediate level.

Method of Evaluation

A grading system will be established by the instructor and implemented uniformly. Grades will be based on demonstrated proficiency in subject matter determined by multiple measurements for evaluation, one of which must be written exams, skills demonstration or, where appropriate, the symbol system.

- 1) Quizzes and exams that measure students' ability to appraise, identify, explain, describe, and/or provide examples of exercises and other activities that are appropriate for their physical conditions and limitations.
- 2) Objective skills testing that measures students' proficiency and improvement in all fundamental and intermediate skills of volleyball as well as offensive and defensive tactics and strategies in a competitive setting.
- 3) Objective skills testing that measures students' proficiency and improvement in performing appropriate exercises and activities given their physical abilities.
