Entrance Skills

Without the following skills, competencies and/or knowledge, students entering this course will be highly unlikely to succeed:

- 1) Recognize and understand musical symbols.
- 2) Read and play rhythms using quarter notes and eighth notes.

Course Content

- 1) Orientation on what students must do to become a singer
- 2) Knowledge of correct physical requirements to become a singer
- 3) Development of correct breath control for singing
- 4) Differentiation of varying tone qualities
- 5) Use of correct diction in singing
- 6) Comparison of contrasting singing styles
- 7) Performance of selected vocal literature

Course Objectives

Students will be able to:

- 1) Aurally identify contrasting vocal tones such as soprano, bass, bright or dark
- 2) Demonstrate proper breathing, vocal techniques, posture, and stage deportment
- 3) Identify and correct musical challenges with regard to pitch, tone, dynamics, rhythm, articulation, phonation and resonance
- 4) Interpret assigned vocal music according to its appropriate style and period
- 5) Prepare selected vocal literature for musical performance

Method of Evaluation

A grading system will be established by the instructor and implemented uniformly. Grades will be based on demonstrated proficiency in subject matter determined by multiple measurements for evaluation, one of which must be essay exams, skills demonstration or, where appropriate, the symbol system.

- 1) Class performances that measure students' ability to identify and integrate vocal literature, technique and stage deportment.
- 2) Written assignments including essays that measure students' ability to interpret and differentiate selected vocal literature.

- 3) Class exercises, written assignments and quizzes that measure students' ability to identify and apply vocal pedagogical concepts.
- 4) Final exam that measures students' ability to demonstrate proper breathing, posture, vocal production and utilize basic vocal terminology.
