- To ensure the deadlines for Curriculum Committee and Governing Board approval can be met, as well as being mindful of the Articulation timeline, course deactivations and deletions should be submitted as early as possible in the fall semester and by the December board packet deadline.
- Transfer GE for the next calendar year must be approved at the last meeting in the fall for the next calendar year, 2026-2027.
- Course numbering changes are to be turned in by the December Board packet deadline.
- December 16, 2025: The Governing Board to review and approve December board packet.
- March 2026: The Governing Board to review and approve March board packet. Deadline date to turn in curriculum and board meeting date: TBA.
- ♦ Articulation Timeline (GE approvals):
  - The Articulation Officer determines if courses are CSU transferable.
  - Courses are submitted for UC transferability once per year between August 1 - August 25.
    - UC transferability decisions are typically returned no later than October (following submission).
    - Any UC transferability approvals would be effective in the semester we gain approval (courses submitted August 2025 will be effective fall 2025, if approved).
  - Courses that were approved as UC transferable can be submitted in December of each year to be approved for Cal-GETC.
    - Only Curriculum Committee approval of COR is needed, not Board.
    - Cal-GETC decisions are typically returned in May and go into effect the following fall semester (courses submitted in December 2025 will be effective fall 2026).
