The Governing Board is the ultimate decision-maker in those areas assigned to it by state and federal laws and regulations. In executing that responsibility, the Governing Board is committed to its obligation to ensure that appropriate members of the District, through the approved committee structure, participate in developing recommended policies for Governing Board action and administrative procedures for the Chancellor's action under which the District is governed and administered.

Each of the following shall participate as required by law in the decision-making processes of the District:

- **Academic Senates** (Title 5 Sections 53200-53206)  
The Governing Board or its designees shall consult collegially with the Academic Senates of Grossmont and Cuyamaca colleges through their respective designated representatives to reach a mutual agreement on the development of policies and procedures related to academic or professional matters, as defined by law. In instances where agreement is not reached, existing policy shall remain in effect unless continuing such policy exposes the District to legal liability or causes substantial fiscal hardship. In cases where there is no existing policy, or in cases where exposure to legal liability or substantial fiscal hardship requires existing policy to be changed, the Governing Board or its designees may act, after a good faith effort to reach agreement, for compelling legal, fiscal, or organizational reasons.
- **Administrators and Staff** (Title 5 Section 51023.5)  
Administrators and staff shall be provided with opportunities to participate in the formulation and development of District policies and procedures that have a significant effect on staff. In the development of policies or procedures, after consultation with the college and/or District administration, staff may present their views and recommendations to the Governing Board. The opinions and recommendations of the Confidential Administrators, Administrator's Association, Classified Senate, California School Employees Association (CSEA), and Confidential Employees will be given every reasonable consideration.
- **Students** (Title 5 Section 51023.7)  
The Governing Board recognizes the Associated Students of Grossmont College and the Associated Student Government of Cuyamaca College as the official voices for students in the District. Students, through the Associated Students groups, shall be given an opportunity to participate effectively in the formulation and development of District policies and procedures that have a significant effect on students, as defined by law. The recommendations and positions of the Associated Students will be given

every reasonable consideration. The selection of student representatives to serve on District committees or task forces shall be made after consultation with the Associated Students.

Except for unforeseeable emergency situations, the Governing Board shall not take any action on matters subject to this policy until the appropriate constituent group or groups have been provided the opportunity to participate.

Nothing in this policy will be construed to interfere with the formation or administration of employee organizations or with the exercise of rights guaranteed under the Educational Employment Relations Act, Government Code Sections 3540, et seq.
