

Student Printing Options Taskforce (SPOT)

The Student Printing Options Taskforce (SPOT) is composed of members from all constituent groups and from all three District Sites. We are committed to using student-focused and equity-minded lenses in discussing needs and opportunities, reviewing potential options, and weighing the relative strengths and value of each choice.

Our Goal is to be prepared to move forward before the existing contract with WEPA expires in May, 2025.
(This was, obviously, extended)
