Questions

- What professional development has been most helpful to your practice?
- What professional development topics are most important to you right now?
 - In what modality can you best engage?
- How can the PD team best support your work this year?

"[My professor's] dedication to her work and her genuine love for teaching are evident in every class.

She makes complex concepts understandable and engaging, and she truly wants every student to succeed."

-Student-submitted Teaching Excellence Award nomination

THANK YOU!
