

For approximately 5 years, I served on Classified Senate as Vice President at Cuyamaca College. I had a depth of knowledge regarding senates function and worked closely with Academic Senate on various initiatives for the college in the past. In Spring 2019, I carried my previously knowledge of the senates to my work as the Part-Time Senator for Student Services position on Academic Senate. I know the value Part-Time faculty bring to this campus and have been honored to serve as the voice for Cuyamaca Student Services Part-Time faculty.

I came to Cuyamaca in 2013 when I was hired as a Student Services Specialist for Disabled Student Programs & Services. During that time, I served on many committees, councils and taskforces for not only Cuyamaca College, but for the Grossmont-Cuyamaca Community College District as well. I switched career paths in 2018 to pursue my passion in working with students and their educational goals and now serve as an adjunct counselor in the DSPS department here at Cuyamaca. I have tremendous passion for this college and its students and hope for the opportunity to continue serving Cuyamaca in this vital role.
