

My name is Roula Aoneh and I have been a part-time Arabic & ESL faculty at Cuyamaca College for almost ten years. I am currently an Arabic instructor and a Part-time faculty-Instruction on the Academic Senate & a teaching & learning committee member actively participating in discussions and engaging with a diverse staff. Being a senator has allowed me to grow as an individual, and better understanding of governance at Cuyamaca college as well as new insights into issues facing colleagues from all divisions across campus. In addition to performing my job at World Languages Department as a part-time faculty, I demonstrate an exceptional commitment to Cuyamaca College community, vision, mission, and values as well as to the student's success and equity. I take it upon myself to provide remarkable support and service to students and staff. I also have an affluent experience in management, Arabic program consultation, Arabic curriculum coordination, and participation in various Arabic projects and workshops to enhance the quality of Arabic language teaching and learning in San Diego County.

It is with great pleasure to nominate myself for a Part-time faculty of Instruction on the Academic Senate for the 2022-2023 academic year. I feel that serving on the academic senate as a Part-Time of Instruction would allow me to leverage my experiences in instruction to the fullest to improve the situation of my fellows at Cuyamaca College. If re-elected as a Part-Time-instruction senator, I will continue to work diligently to represent the best interests of the staff members and voice their concerns to the governing senates.
