

While I currently serve on Academic Senate as your Part-Time Senator for Student Services, I also served on Classified Senate as Vice President at Cuyamaca College for approximately 5 years. I continue to develop a depth of knowledge regarding senates function and have experience with working on various initiatives for the college in the past. I know the how important Part-Time faculty are to this campus and hope to continue serving on your behalf.

I came to Cuyamaca in 2013 when I was hired as a Student Services Specialist for Disabled Student Programs & Services. During that time, I served on many committees, councils and taskforces for not only Cuyamaca College, but for the Grossmont-Cuyamaca Community College District as well. I switched career paths in 2018 to pursue my dream in working with students and their educational goals and now serve as an adjunct counselor in the DSPS department here at Cuyamaca. I have tremendous passion for this college and its students and hope for the opportunity to continue serving Cuyamaca in this vital role.
