

To the Academic Senate, Faculty, Students, and Staff,

It is with great enthusiasm that I am applying for the position of Part-Time Academic Senate Representative. I have taught English at Cuyamaca since 2018, am currently a member of the Learning Assistance Center Advisory Committee and have previously served in the Professional Development and Student Discipline and Hearing Committees. As a part-time adjunct, I believe it is crucial to represent part-time staff on the Senate and voice its concerns. I enjoy working with colleagues and students and look forward for the opportunity to further contribute to the school. I believe I would be a useful addition to the Academic Senate.
