

MIRIAM *simpson*

• Running For:

vice president

• Current roles:

MSE senator,

Physics department chair

ILAT co-chair

ABOUT ME

I have been part of the Cuyamaca community for 10 years and I truly love our community here.

TECH SUPPORT

I know a lot about technology but maintain a healthy skepticism about its role in education. As we navigate AI, online teaching, and our own digital systems, I believe I can help.

I MAKE THINGS WORK BETTER

I leave things better than I found them.

I have served on many committees, councils, and groups on campus : Technology, Faculty Hiring, Student Success and Equity, ILAT, Senate... I contribute when needed and I do the work that needs to be done. I want things to work, and I am good at fixing things that don't.

RELATIONSHIPS & COMMUNICATION

Ask anyone I work with. I am collaborative and I listen. I am willing to learn and study and grow. I want a transparent senate that represents faculty interests but I also want you to know what is going on.
