II. President’s Report

A. Announcements
Information was provided about upcoming events and activities.

Michael showed the 501 docket stating it was not out to the public yet but would be the next day. He announced the new Spanish instructor, Donna Marques, and stated she would be introduced at the President’s spring address. Michael also announced that Vice President Robin Steinbeck would be leaving the college and had accepted a position closer to her home up by Riverside. He said they would have an interim VP person through the spring but hopefully her position would be filled by the summer semester. Michael also announced that Connie Sterling from the library was leaving and had accepted another position outside the college as well.

Michael then shared the FTS report with the Senate stating that he had attended an FTS task force meeting on Monday but there was not a whole lot to report from meeting. Michael showed updated numbers based on post Proposition 30 and said that the new FTS goal was 5202 for Cuyamaca and it was up by about 300. He also stated that the goal for Grossmont was 11, 765 with a total of 16,967 for the District. He said they had added sections back into the spring semester as well but it was hard to start planning until they had received the Governor’s budget which would be coming out the middle of January and they would have a better idea of the community college budget at that time.

Michael then showed and discussed a proposed administrative procedure relating to student workers which he said had created quite a lot of conversation adding that a task force had been put together to look at this. Michael said he would be sending it out for review. Michael discussed various aspects of the document adding that it will be good to have a District document so that both colleges could work with student workers the same way.
