Education Plan

This past year has been a little crazy for me. I started my freshman year as a theatre major at Sacramento State University and it was a good experience for me. However, some personal issues within my family arose and I was needed back here at home. I had already been back in Sacramento for a week before my family and I decided it would be best if I returned. I was enrolled late at Cuyamaca College and had a lot of catching up to do. But I got on track and I am still working hard towards my goal of becoming a professional actor.

Now that I am at Cuyamaca College, I find that it is a better place for me to start off my college education. I figured once I got here that Cuyamaca College would be a good place to finish my G.E. courses. I am currently taking history, biology with a lab, a theatre class, and personal development. I already took a freshman English class, sociology, government, and anthropology at Sacramento State. Next semester I will be taking another english class, public speaking, oceanography, and a beginning acting class. Once my general education is complete I plan on transferring to SDSU. As of right now that is my plan for college but I am open to any changes that may occur.

After college is completely over I want to pursue my career as an actor. As of right now I am beginning to attend auditions for commercial agents and any other work there might be for me in the commercial acting industry. Ultimately my goal is to become a famous and wealthy actor so that I may provide a luxurious lifestyle for the family I hope to have.

Next Semester Classes

English 124: 3 units

Communications 122: public speaking 3 units

Oceanography 112: 3 units

Theatre 130: beginning acting 3 units

I haven't yet registered for these classes and I met with a counselor just last week so I don't know the section numbers, dates or times yet. These are the classes I plan on taking next semester. I have to have Sacramento State send an official transcript to Cuyamaca as well so they may verify any general education classes that I have already taken.
