

A young Black man and a young white woman are smiling. The man is on the left, wearing a white and grey baseball-style shirt. The woman is on the right, with long brown hair, wearing a black top. In the background, a laptop screen shows a video call with two participants. The overall scene is bright and positive.

“I attribute my success to the tutoring center. If it were not for the extra practice, both one-on-one and with groups from my class with the tutor, I definitely would not have picked up the skills necessary to achieve the grade I did or get the practice I needed to speak Spanish properly”

--Chad Moody

## Spanish Tutoring Testimonial

Biology tutoring with Brandon became even more critical when classes went online as I no longer had a lecture provided. I almost dropped during the week between classes going online and STEM going online.

Brandon was so patient and really good at explaining concepts that I was struggling with. I absolutely would not have passed without his help. Not only did I pass, I got an A in both Bio 130 and 131! He made me feel comfortable with asking lots of questions. He also patiently explained things when I was so lost I wasn't even sure what questions to ask. I cannot imagine this semester without his help.
